

CoreFour

Sprint 6 Ceremony

(November 02, 2025 – November 08, 2025)

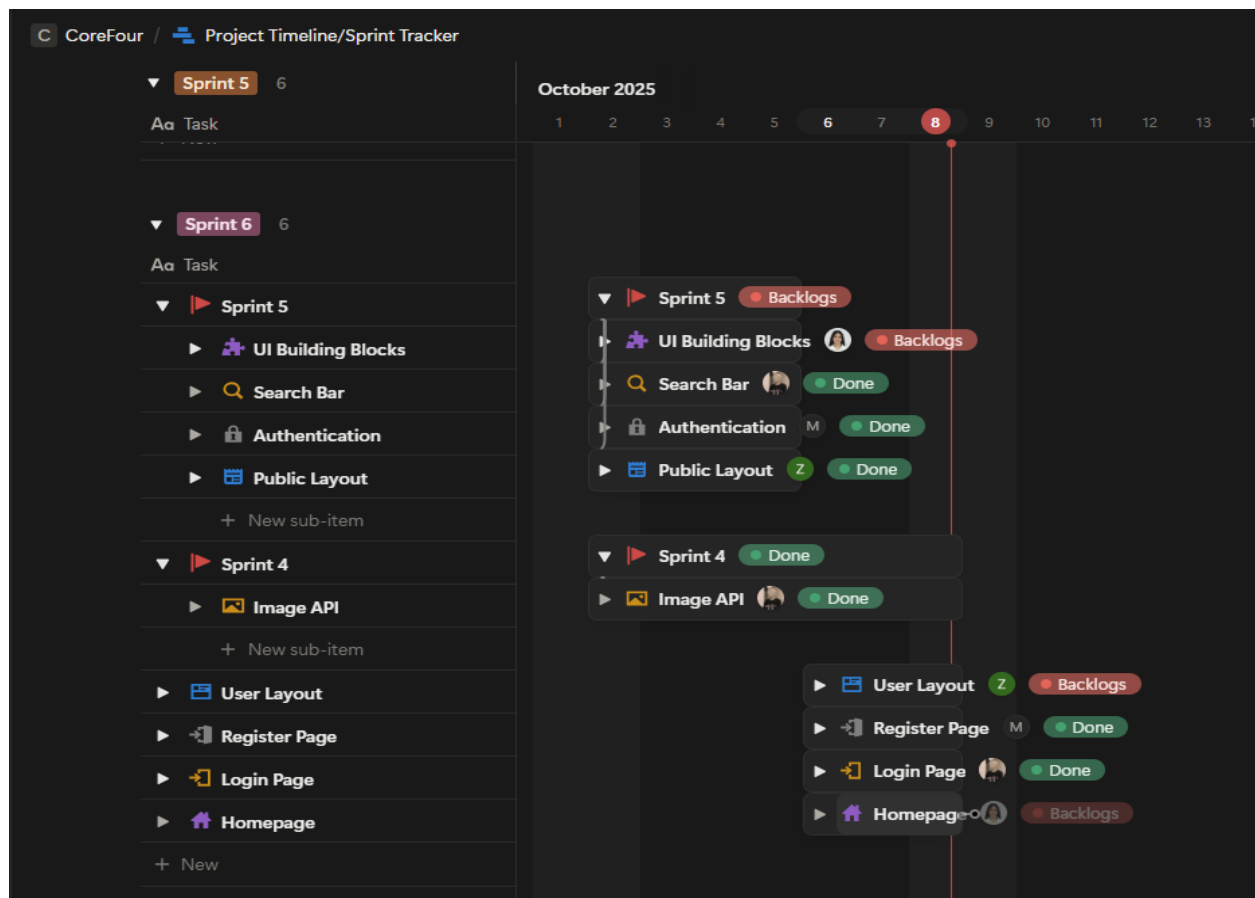

Sprint Planning / Progress Update

Sprint 6 Progress Percentage (2/4):

50%

Overall Project Percentage (16/42):

38%

Our sprint 6 is building the components and the logic behind it. It also includes the further fixing and improvement of the backend. In this sprint, We already have finished the remaining API so, our sprint 4 is officially done. We already build some of the UI Building Blocks needed for the pages and layout that is under the sprint 5 and 6. In addition, we also done with the implementation of authentication in our system. But there still some task that is backlogs, one from the sprint 5 which is the remaining UI Building Blocks, and two from the sprint 6 which is user layout and homepage.

Sprint Retrospective

What went well:

- Our API's are completed.
- We implemented the authentication in our system.
- There is progress in our frontend.

What could be improved:

- Some of the component's UI

What needs to be done:

- Backlogs from sprint 5:
 - o UI Building Blocks
- Backlogs from sprint 6:
 - o User Layout
 - o Homepage
- Proceed to Sprint 7
