

# CoreFour

## Sprint 14 Ceremony

(December 28, 2025 – January 03, 2026)

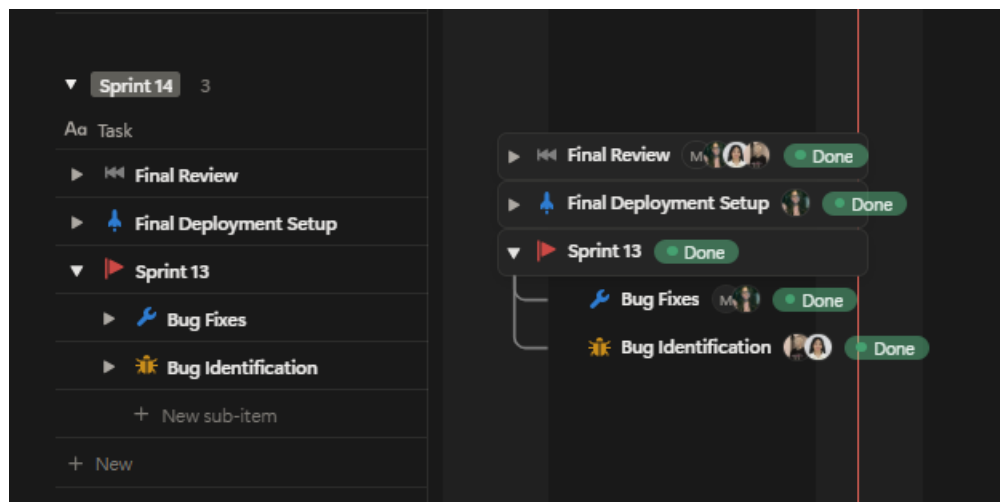

### Sprint Planning / Progress Update

**Sprint 14 Progress Percentage (4/4):**

100%

**Overall Project Percentage (43/43):**

100%

- display of expiration of lost items in both admin and user side
- make use of the item-detail modal that is being used in the user side in the admin manage lost items page when clicking the item card
- limit uploading of images into 5 uploads only
- forgot password functionality
- make the claim item button (in the item card in found item page) popped up the modal for reference code
- replace filter bar to use filter component in the manage lost item page
- settings functionality
- fixed search functionality
- fixed bugs of user display in admin and user sidebar
- implement help page

- enable public access to view reports (read only)
- enhance codes-modal with dynamic title and description
- removed unused sidebar features
- fix the claim form modal
- integrate claim form modal in the claim items page with claimant details retaining information
- create notification page for mobile responsiveness

## **Sprint Retrospective**

### **What went well:**

- Responsiveness is done
- complete functionality

### **What could be improved:**

- Cleaning of the source codes

### **What needs to be done:**

- Prepare for the presentation next week
