

CoreFour

Sprint 11 Ceremony

(December 07, 2025 – December 13, 2025)

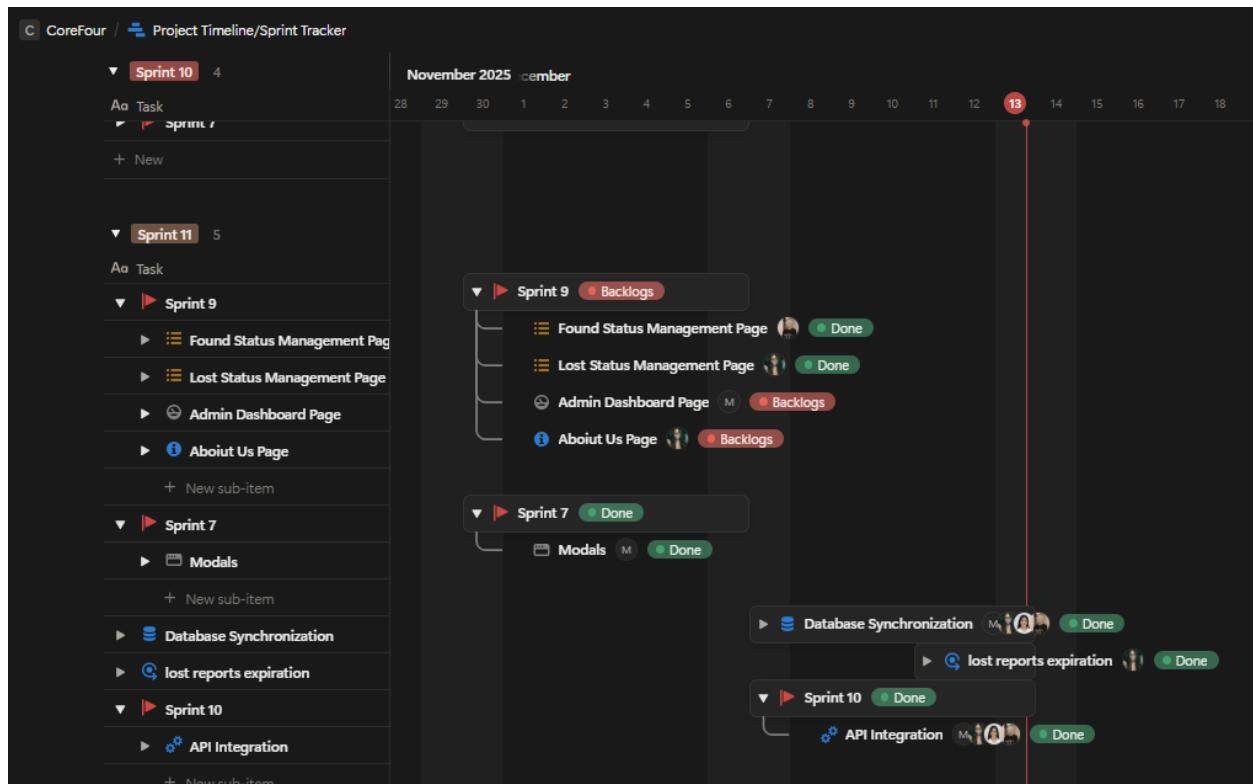

Sprint Planning / Progress Update

Sprint 11 Progress Percentage (6/8):

75%

Overall Project Percentage (32/44):

73%

- Implement the picture uploading in the report forms (not yet visible to the item cards)
- fix the location inputting in the report forms
- found status management page
- lost status management page

- lost reports expiration logic (backend only)
- remove claim tab in profile page
- refactoring the API calls

Database

- updated the database to align it to the new system flow of claiming process using the manual approach

Sprint Retrospective

What went well:

- Optimizing API calls
- Main features are finished
- adopting to the new changes in our system flow

What could be improved:

- Use Server-Sent Events (SSE) instead of polling in notification
- Responsiveness of our UI
- Polishing the UI and UX of the system

What needs to be done:

- Cleaning up the codes
- Backlogs from Sprint 9:
 - o Admin Dashboard Page
 - o About Us Page
- Proceed to Sprint 12
