

# CoreFour

## Sprint 12 Ceremony

(December 14, 2025 – December 20, 2025)

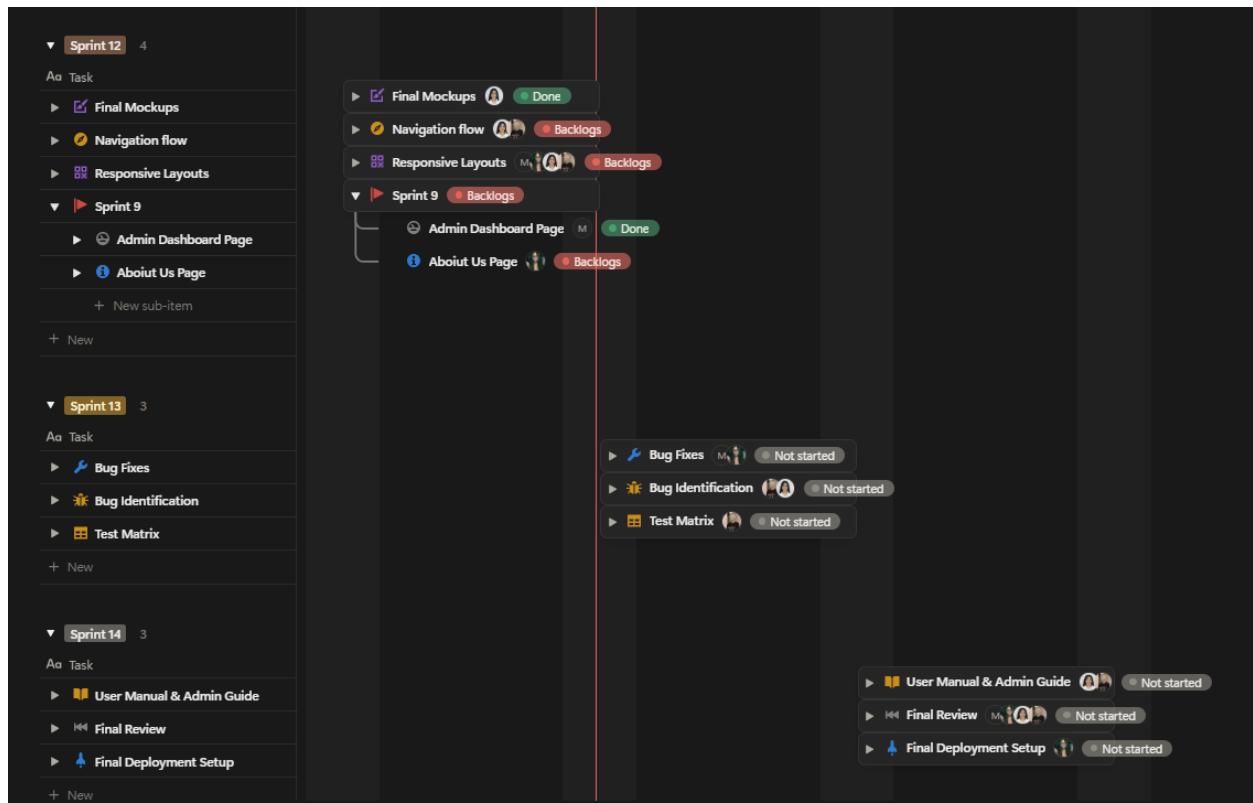

### Sprint Planning / Progress Update

#### Sprint 12 Progress Percentage (2/5):

40%

#### Overall Project Percentage (34/44):

77%

- dashboard page
- found items management lifecycle, automated archival upon claiming, dynamic success messages for update status for better UX
- lost items management UI enhancement

- fix the connection between image backend and the frontend
- archived items page UI completion and filters functionality completion
- item card UI enhancement, reference code publicity, implement the larger view of the card upon clicking on it

## Sprint Retrospective

### What went well:

- Main features are finished
- Polishing of overall system flow and UX is in progress
- Responsiveness is in progress

### What could be improved:

- Use Server-Sent Events (SSE) instead of polling in notification
- Responsiveness of our UI
- Polishing the UI and UX of the system

### What needs to be done:

- Cleaning up the codes
- Backlogs from Sprint 9:
  - o About Us Page
- Proceed to Sprint 13
